CALL FOR PROPOSALS: VISUALEYEZ 2012

The Thirteenth annual Visualeyez festival of performance art happens from 10–16 September 2012 in the downtown core of Edmonton, Alberta, exploring on the curatorial theme of **loneliness**.

Visualeyez takes place over a period of seven days and it is required that all invited artists are able to attend for the entire length of the festival. Artists experience the work of other artists; engage in discussion groups, meals and other activities that enhance the work of individual artists and the performance art community within Canada and beyond. It is important that prior to submitting that artist is available for a minimum of six days during the festival. Please visit visualeyez.org for the past festival information.

Curator and Founder of Visualeyez, Todd Janes states, "Visualeyez 2012 builds upon notions of an ever-expanding and more urban city. This theme will explore issues such as emotional versus social isolation, chronic and transient states of loneliness within the city and our inter-relationships with crowds, emptiness and intimacy. I want to present artists that will explore the theme of loneliness and enhance dialogues regarding the societal issues, community connectivity and understanding of the concept and its impact on individuals and society as a whole."

Proposals should include: a CV; artist statement; a detailed description of the work you wish to present, or explore; and support material that can include images, video, print or digital documentation of your work, catalogues, and press.

The deadline for submission is Friday, 27 April 2012.

If you would like your materials returned to you, please also include sufficient postage or courier materials. Artists shall be contacted by mid-June 2012 regarding the status of their proposals.
